MEMORANDUM FOR: Special Assistant to the Director for
Planning and Coordination

SUBJECT : Summary of Report of Discussions with Pilots

1. Attached is Tab "A" which is a detailed report of my discussions with the pilots at the site. Also attached is Tab "B" with certain information relating to the tax situation of certain of the pilots.

2. The highlights of my discussions with the pilots are:

a. Belief by them that many promises had been made which were not kept thus destroying some of their confidence in the Agency and leading to their demands for more specific provisions in the contract. 25X1A9a

b. Realization by [REDACTED] and myself that the men were already being paid on an operational duty status reinforcing to a large degree their logic in insisting on a vesting of a portion of the presently provided bonus.

25X1A9a c. Eventual agreement by the pilots and recommendations by [REDACTED] that the bonus provision be revised to provide for a monthly additional increment while deployed abroad of \$500.00 which would not be subject to divesting plus retention of the existing bonus provision in the contract only to the extent of \$500.00 per month.

d. Numerous minor revisions in the contract to clarify and answer some of the pilots' questions.

3. If you agree I believe that a quick resolution of these various questions as specified in Tab "A" and highlighted above, would go far in furthering the aims of the project.

[REDACTED]
